Sunday 11th July

Round 6 of the North Region summer Series at BRADFORD-

Registration closes at 11am.

You need to take part in 5 rounds to qualify to race at the British championships at Cheddar in September.

There will be novice racing at this event aimed at anyone who has done a Club race and wants to experience regional racing. You will need to let us know if you will be racing and require a bike as we will be very busy on the day

If you need any further information about any of the above events please ask.

Feedback

The Tuesday sessions have become very popular.
Lots of new riders and parents.

The Club is run by volunteers in their spare time.
The aim of the Club is to provide a low cost alternative to the mainstream team sports of football, rugby and cricket in a safe and friendly environment. The Club is wholly self funding and aims to improve the facilities and equipment available for the benefit of the local and wider community.

Please let us know what you think of the Club, riders and bmx racing.

We can't possibly be doing everything right!
We want to try and encourage more people to get involved in bmx racing and the Club.

Thursday Evening session

Because of the success of the Tuesday evening sessions the Club is considering putting on a Thursday evening session aimed at riders who have their own race bikes.

These sessions would run from 7pm till 8.30pm.
Riders would be expected to take part in organised coaching sessions.
THESE WILL NOT BE FREE RIDE SESSIONS

The Club would like the parents of riders to run these sessions with the Club coach.
This would involve taking the register, collecting the session fees, helping set up and dismantle the gate, make the tea and generally assist.
It will be a lot easier than on a Tuesday evening as there will be no equipment to loan out

If you are interested please give your name to the ladies in the container.
Depending on the level of interest and offers of help we will look to start these sessions in the next couple of weeks.

Request for help

I have been trying to make time to sweep the berms recently.
I haven't managed it yet!
If you feel like grabbing a brush from the container and making a start on this please do.
It would be very much appreciated.
However be aware this is how I got involved!!!
